SD cards for true professionals

Exascend's Catalyst series of SD cards delivers incredible read and write performance that guarantees frictionless shooting and lightning-fast offloading of footage – allowing you to focus on what really matters.

Environmentally hardened and featuring the latest in storage technology, our Catalyst series of SD cards is perfect for taking on the next generation of cinematography and photography.

More than just storage

- Optimized for demanding cinematography, including 4K RAW and high-FPS recording
- Excels in tough environments with extreme ruggedness and environmental hardening
- Generous five-year warranty and industry-best customer service

Engineered for the real world
